### Is It Money They Are After?

The following dispatch sent from Washington will lead many to believe that three distinguished (?) contestants from the 11th district for a seat in Congress want money worse than they do the honor of holding office:

Kentucky republicans who have not a care for Uncle Sam's purse are nagging mercilessly with the strings. In view of the fact that the committee on Contested Elections No. 2 will make no report in the White-Edwards-Hunter contest, John D White and D. C Edwards filed their expense claims to be included in the General Appropriation bill.

The law says that a contestant and contestee shall be paid his expenses, not to exceed $2,000. As the fight was three-cornered, and Mr. White had to fight both Dr. Hunter and Mr. Edwards he has filed two claims, one for resisting Dr. Hunter and one for resisting Mr. Edwards. The two claims lack a small amount of reaching $4,000. Mr. Edwards fixed his claim at $2,000, although he says his expenses were much more. Dr. Hunter is now preparing to file his claim. He says he had the seat Edwards and White were after, and if anyone should be allowed a two-cornered claim he is entitled to it. However, he has submitted the question to his lawyers and will act on their advice, although one member of the committee says he will vote to give Dr Hunter $4,000 in addition to the salary he has drawn. Representative Miller, of Kansas, the ranking member of the committee, says he would not vote to allow any one of them one cent more than $2,000. Mr. Miller said Mr. White's action was unique and if his claim should be allowed a precedent would be set.

The squabble over the money has given the committee something to think about, and one member said laughingly. "I see we made a mistake when we did not declare the seat vacant."

"Every man," says Russell Sage,
"Should save a quarter of his income,"
For as he draws to green old age
Slowly and slowlier may the tin come
The difference 'twixt Russ and Us
Is wide as that 'twixt saint and satyr,
Russ saves the quarter (thrifty cuss)
We give our quarter to the waiter.
—Puck.

"Waiter, these are mighty small oysters."
"Yes, sir."
"And they don't appear to be very fresh, either."
"Then it's lucky they're small ain't it, sir?"

### PREACHERSVILLE.

Born, to the wife of Robert Garrison, a girl.

The colored folks intend to give an entertainment at either the Masonic hall or "Clay Bank College."

Hemp breaking is the order of the day. Our recent absence is due to our being with "Coxey's army," which is breaking hemp for W. P. Grimes and Levi Bell. A correspondent of the metropolitan dailies is expected also.

Master Horton Grissom, who has been spending the winter with his grandmother, Mrs. N. J. Horton, will shortly return to his home in Adair. This bright little fellow has made lots of friends while here. Miss Lillie Garner, of Cedar Creek, visited Misses Fannie and Ella Thompson.

During the recent zero weather the boys hugged the stoves in the stores, raising cracker-jack crops of oats, tobacco, corn and melons. The quick-maturing, easily raised, fast-selling winter crops are, we fear, soon to displace the old kind, grown in "the good old summer time." Fish yarns and snake stories were also much in evidence.

Mrs. Jesse Traylor is much improved. Mrs Dan Naylor is better. Mrs. Matt Rigsby has been quite sick. J. H Thompson continues quite ill. Frank Rigsby has pneumonia. Gene Duval is ill with dropsy. Mrs. James Rigsby is very ill with a complication of troubles. The Pettus family is about well of grip. Sam Adams' family has been sick with grip and colds.

Levi Bell sold a crib of corn to Thos Napier at $2.25. J. D. Horton sold to J. K. Sutton a lot of corn at $2.50. Perry Ballard sold 30 cattle to Jno. Woods at 3½c. Mrs. N. J. Horton sold 20 barrels of corn to Uriah Albright at $2.50. J. T. Bingaman had three brood sows that gave birth to 34 pigs. W. D Elmore bought a bunch of hogs from T Noland and a bunch from John Feppies at 4c.

### Sick Headache.

This distressing ailment results from a disordered condition of the stomach. All that is needed to effect a cure is a dose or two of Chamberlain's Stomach and Liver Tablets. In fact, the attack may be warded off, or greatly lessened in severity, by taking a dose of those Tablets as soon as the first symptoms of an attack appears. Sold by Lyne Bros., Crab Orchard.

Teacher—What is tautology?
Boy—Repetition.
Teacher—Give me an example.
Boy—We are going to have sheep's head for dinner, and my sister Elsie's young man is coming to dinner also.
Teacher—Go up top.

Dr. J. T Berry, former superintendent of the Kentucky Institution for the feeble minded, died of heart trouble at his home in Oldham county.

The Federal grand jury at Cleveland, O., returned two additional indictments against Mrs. Cassie L. Chadwick, making seven in all now standing against her in the United States district court.

News was received in Winchester that the grand jury of the Breathitt circuit court has returned indictments against James Hargis, Elbert Hargis, Alex Hargis, Ed Callahan, Jesse Spicer, John Abner and John Smith for complicity in the murder of James Cockrill, town marshal of Jackson. It was further stated that no trial of the accused will be attempted before the Court of Appeals passes upon the question of jurisdiction of the cases already before it bearing upon the Cockrill assassination.

Andrew Carnegie's donations to libraries show a total of $39,325,240 as the amount given or pledged for the erection of 1,290 library buildings. Of the number of libraries thus established, 779 are in the United States and the same donated are thus approximately apportioned: United States, $29,094,080; England, $6,000,000; Scotland, $2,000,000; Canada, $1,575,000. The donations in the United States include every State and Territory except Alaska, Arkansas, Delaware, Mississippi and Rhode Island. Pennsylvania has received the largest amount of money—$6,612,630—New York coming next with about a quarter of a million less. California, Illinois, Michigan, Missouri and Ohio have each received over a million and Kentucky's allotment is $535,500.

Fugitive Taylor has sent a letter to O. F. Missman, the student who impersonates him at the mock trial at Drake University, Des Moines, Iowa, in which he outlines his defense as fully as if his life actually hung in the balance. He explains in detail that he helped bring the mountaineers to the State capital purely for the moral effect, and that they served their purpose and departed five days prior to the assassination of Goebel. As regards the latter he had no knowledge and never discussed it with any of the confessed conspirators. Taylor has taken an active interest in the trial and his attorneys and those of Caleb Powers have been indefatigable in their efforts to equip the student lawyers with all the information in their possession.

### Fraud Exposed.

A few counterfeiters have lately been making and trying to sell imitations of Dr. King's New Discovery for Consumption, Coughs and Colds, and other medicines, thereby defrauding the public. This is to warn you to beware of such people, who seek to profit, through stealing the reputation of remedies which have been successfully curing disease, for over 35 years. A sure protection, to you, is our name on the wrapper. Look for it, on all Dr. King's or Bucklen's remedies, as all others are mere imitations. H. E. BUCKLEN & CO, Chicago, Ill., and Windsor, Canada.

### LANCASTER.

Next Monday will be county court day.

Joseph & Hughes will sell you a suit of clothes, correct in price, quality and fit.

A marriage license was issued to A. J. House and Miss Jessie C. Burdette.

W. I Williams was called to Campbellsville to the bedside of his father, who is not expected to live but a short time.

Two more physicians are locating here, and the health of the community is as good as usual, excepting a few cases of grip.

The many friends of Judge Saufley are glad to know that he was appointed to serve as a special judge of the Court of Appeals, a place that he is destined to occupy permanently at no distant time.

The startling report has been given out that we have had some very cold weather, many people having the audacity to announce the fact, when they met their neighbors on the street during the spell.

Col. Holt, a temperance lecturer of Chicago, who has seen much of the dark and the bright side of life, was here for a week, and he gave much good advice in reference to many sins, beside the crime of drunkenness.

Our city is remarkably quiet and Chief of Police S. D. Rothwell, night police, G. M. Siler, and City Attorney G. B. Swinebroad deserve much credit for it. Four colored people have been fined $50 each for congregating about the depot and using indecent language and eight or ten have been fined from $5 to $100 each for the illicit sale of liquor. The same spirit of good work is manifested in Judge Ford's court, three youngsters having been sent to the Schools of Reform recently.

A tidal wave of reformation, politically and commercially, is sweeping over the country. The people seem determined, here and elsewhere, to down the cliques, which seek to hold office contrary to their will. This is a move in the right direction, for political corruption will ruin the country, by the election of immoral and unscrupulous men to fill high places of public trust. In the commercial world, Lawson's Frenzied Finance articles have caused the people to realize how they have been swindled by corrupt combines and fatted corporations, and the result is that their hold on the people is being gradually relessed. With proper legislation in this direction corrupt stock companies and gigantic trusts will be dissolved and an era of general, not individual, prosperity will sweep over the country.

And Save Money.

HE INTERIOR JOURNAL

E. C. WALTON

FORTY years after the war the expenditure of the government exceeds by $100,000,000 the estimate of Grant and Garfield, who said, after careful calculations, based on the utmost fairness and liberality, that it would in no event exceed thirty-odd million a year at the highest time. No one begrudges a liberal allowance to the men who bared their breasts and staked their all to save the Union, but they are not the main beneficiaries of the $138,250,100 appropriation just passed by Congress for pensions the current year. It is said that fully one-fourth of this vast amount goes to the undeserving, who never smelled powder, but who have by perjury and sharp attorneys fastened themselves on the system, which is the amazement of civilized nations.

COL. BENNETT H. YOUNG'S dressing down of Gen. Nelson A. Miles for his unnecessary cruel and humiliating treatment of President Jefferson Davis, when he was a prisoner in Fortress Monroe, which appeared in Thursday's Courier-Journal, is about the most complete imaginary. The proof is cumulative and overwhelming that Miles' act in having irons welded to Mr. Davis' ankles and chained together, when the prisoner was a weakly invalid, was prompted by a contemptible spirit of revenge, which after 40 years rises again to haunt the cowardly tyrant who ordered it The Lost Cause owes Col. Young a debt of gratitude for his manly contribution to a historical fact that still makes the Sunny Southland tremble with horror

THE State of Kansas, noted as the home of John Brown and of grasshoppers, has just passed a law to separate white and black children in high schools, and yet there are fanatics who roll their eyes in holy horror because Kentucky would wipe the Negro and white mixture at Berea from the limits. By the way, the managers of this blot upon the State have just been fined $1,000 for failure to obey the Day law A long term of imprisonment should also be attached to the penalty of those who would still run the school in violation of the law against mixed schools in this State.

W S. TAYLOR is said to be taking great interest in the Moot court trial of his case before an Iowa college. We hope it won't be many days before he will be forced to take an interest in a trial that is the real thing, and it won't be unless the present Governor of Indiana shall prove to be a perjured, filthy harborer of assassins like his two immediate predecessors.

TWO remarkable men have just died in Indiana. One was Anthony Watt, of Connersville, aged 82, the oldest member of the Elks in the world. The other is Henry Krueger, of Boone county, who served in the German, English and American armies, and who saw the famous charge of the Light Brigade. His age was 84.

THE University of Pennsylvania may declare Theodore Roosevelt an LL D., but that won't make him a long-legged devil, as we used to think those letters stood for. Teddy's legs aren't much longer than a duck's, but they do say that what he lacks in length of legs is more than made up in length of head.

A LOUISVILLE man shot and killed another who stepped on his corns. He hasn't been tried yet, but every man who has had his corns stepped on will agree that it is one case of justifiable homicide in the city where homicides do not generally consider the question of justification.

THE House of Representatives of the Illinois Legislature unanimously voted a loan of $100,000 to the State of Kansas to aid it in its fight with the Standard Oil Company. It is said the sentiment of the State Senate is equally as pronounced on the subject.

## POLITICAL.

The president has issued a proclamation convening the Senate in special session at noon on March 4, next.

Gov. Hoch, of Kansas, has signed the bill providing for separate high schools for whites and blacks at Kansas City, Kan.

Representative Kehoe, of Kentucky, introduced a resolution in the House calling for an investigation of the so-called tobacco trust.

The House passed the Rivers and Harbors appropriation bill and sent the Military bill to conference. The amount carried by the appropriation for rivers and harbors is $17,234,657.

Senator McCreary has introduced a bill in the Senate carrying an appropriation for $75,000 for certain improvements of the Kentucky river not provided by the continuous contract system

The deposition of Magistrate Edwards in the case of the Hargisses and others against Judge Watts Parker was given at his home in Jackson, the officer giving his testimony in bed. He stated that the warrants for the arrest of the Hargisses and Callahan were issued on the strength of an affidavit by Henry Freeman.

## CHURCH MATTERS.

Danville is to have a $25,000 Y. M. C. A. building.

Rev H. C. Garrison will preach his farewell sermon at Pleasant Grove church Sunday.

A Scott county preacher has quit the ministry to accept a position with a gas engine company. Going to apply his "gas" in other channels, so to speak.—Lancaster Record.

By a unanimous vote at the Christian church Sunday the salary of Rev. H. C Garrison, pastor, was raised from $1,600 to $1,800 It was stated by Mr. Augustus Rogers that he knew that Rev. Garrison had turned down an offer from a flourishing church in the South of from $800 to $1,200 more on the year than he was receiving here.—Danville News

At the Presbyterian church, the morning collection will be for Assembly's Home Missions. Members are requested to bear this in mind and so come prepared to worship the Lord with their substance. The Christian Endeavor Society will meet in the basement at 6:30 P. M and evening services will begin in the main auditorium at 7:15 The pastor and congregation extend a cordial invitation to all to attend these services.

Preaching at the Baptist church Sunday morning and evening by the pastor. Morning subject, "God's Constancy and Faithfulness." Evening subject, "Worship." Come and let us worship the Lord together. You are wanted and you owe it to Him and need the uplift. Strangers are welcomed and members are especially looked for and depended upon. Don't forget the Sunday school at 9:30. Come and bring your children and friends. Don't let the devil have your influence and use it against the spread of the truth and make you violate the Sabbath day.

O. M. HUEY.

## Afraid of Strong Medicines.

Many people suffer for years from rheumatic pains, and prefer to do so rather than take the strong medicines usually given for rheumatism, not knowing that a quick relief from pain may be had simply by applying Chamberlain's Pain Balm and without taking any medicine internally. Rev. Amos Parker, of Magnolia, North Carolina, suffered for eight years with a lame hip, due to severe rheumatic pains. He has been permanently cured by the free application of Chamberlain's Pain Balm. For sale by Lyne Bros., Crab Orchard.

## KINGSVILLE.

Will Marlan Gooch has bought of Dr. C. M. Thompson the house occupied by Mrs. Margaret Williams and will soon move thereto, and the latter will move into her new home, which is nearing completion as rapidly as the weather permits.

Though there has been much sickness in this section this most severe winter, there have been few deaths, and we are disposed to give our two splendid physicians, Drs. C. M. Thompson and J. W. Acton, due credit for so successfully defeating the grim reaper.

Thompson & Evans failed to get the Presbyterian church, which they intended to use for a warehouse, and will shortly build a large warehouse and an office, which they assert is going to be quite the handsomest and most commodious office in all Kingsville. This enterprising firm, as we may have stated before, is progressing.

Since the Presbyterians cannot sell or rent their church, and very properly is it so, we should think, for an opera house, a Carnegie library or a workhouse, they should make an effort to have a preacher here once a month. We used to have services quite regularly, conducted by Rev Dr. Glass, and an interesting Sunday-school. It is a well-constructed edifice and some of our leading citizens are Presbyterians.

Little E. B. Rowland is ill. Mr. D M. Creighton has been confined to his room for more than a week with an attack of grip Little Esther Murphy is quite sick, we regret to say. Mrs. Fannie E. Carey has returned home after a protracted visit to her children at Lebanon Junction. Miss Dora Rigney will go to Williamsburg to visit friends. Mr. and Mrs. Sam McKittlan and baby, of near Chicago, are here, on a visit to her parents, Mr. and Mrs. Floyd Mack Walls is at home with his family, after spending some time at Spotswood, Lee county, where he is engaged in the lumber business. He will return to Lee county shortly. He came home principally to make the acquaintance of his new baby girl. Mr. Harvey Walls has gone to Harriman to work in one of his brother's large saw mills. Mr. Yates, the clever traveling salesman for the Cumberland Grocery Co., was here taking orders from our grocers.

The Methodist church has a regular pastor, as has the Pleasant Point Baptist church, but the Christian church is yet without a pastor, which is especially to be deplored, in view of all the good work that has been done in the past few years The Christian church has been peculiarly blessed in securing ministers of more than ordinary ability; indeed several would be a credit to any pulpit in Danville or Lexington, and they worked earnestly here in this little church, and it seems a pity that it all should be wasted and the good work go down from indifference or dissension among the members It is for the good of all, and especially for the younger generation that church work is kept up, and to the highest standard possible. That this is a materialistic age, is very evident here. Our town is decidedly improving, i. e —the material side is developing, but morally and religiously it is deteriorating, and even in public improvements, etc, it would advance more rapidly, for it does not lack brains nor money nor invective genius, if it were not for that fatal "dissension" and desire to pull one another down. Perhaps the meanest trait of character is envy; certainly it is the smallest and most contemptible, and could that envious spirit be thwarted by ambition and public spirit, Kingsville might hope for vast improvements; might become a second Somerset.

## Startling But True.

People the world over were horrified on learning of the burning of a Chicago theatre in which nearly 600 people lost their lives, yet more than five times this number, or over 3,000 people, died from pneumonia in Chicago during the same year, with scarcely a passing notice. Every one of these cases of pneumonia resulted from a cold and could have been prevented by the timely use of Chamberlain' Cough Remedy. A great many who had every reason to fear pneumonia have warded it off by the prompt use of this remedy. The following is an instance of this sort: "Too much cannot be said in favor of Chamberlain's Cough Remedy and especially for colds and influenza. I know that it cured my daughter, Laura, of a severe cold, and I believe saved her life when she was threatened with pneumonia." W. D. Wilcox, Logan, New York Sold by Lyne Bros., Crab Orchard.

The contract for designing a bronze statue of the late Gov. Goebel has been let to a European sculptor.

**Valuable Property For Sale.**

Ten acres of land, a two-story front 7-room cottage. The house is new. A splendid garden and orchard. There is a large mill on the place; a good crusher and the dam is in good repair and the natural power is great economy in running the mill. Does a splendid business. Everything is in good repair and has all necessary out-buildings. The owner's only reason for selling is the rush of other business, as he has extensive farming interests to look after. This property is on the Hanging Fork about 4 miles from Stanford, and can be bought at a bargain. For further particulars, address S. C. Thurmond, Lytle, Ky., or L. R. Hughes, Stanford, Ky.

## Great Indeed Was Washington.

CRAB ORCHARD, Feb. 22.—This is the birthday of him who was "first in war, first in peace and first in the hearts of his countrymen!" This great and good man was born Feb 22nd, 1732 and died Dec. 14th, 1799, in his 67th year. He, like many of the great men of this country, was a Virginian. Although this truly great man has been dead 107 years, he still liveth in the affections of his countrymen and in the admiration of the world, and Bonaparte was right when he said: "The name of your Washington will live in the grateful hearts of his countrymen when mine shall be lost in the vortex of revolution." Washington, like some tall mountain rising from the plain, midway pierces the clouds and though around its base storms and tempests roar, eternal sunshine rests upon its head.

His is one of the great names that was not born to die, nor can the lustre and the resplendent glory be dimmed by attempting to link the names of modern mediocres with him. Inferior men can not be elevated beyond a lower plane by the association of their names with the great name of Washington. Fulsome adulation of sycophantic orators have attempted to do this, but after the storm-cloud of just indignation had passed away, Washington's name was still seen high up in heaven, blazing with the glory of the luminary of day, while the little men to whom they tried to compare or liken him, were still found on earth, like the feudatory of Europe, unable to free himself from the feudal clogs by which they were bound.

No man's name who has been president since the illustrious Jackson, should be mentioned with Washington on the same day or in a thousand years of each other. Washington had all the elements of greatness. There was nothing little in his mind, heart or physical stature. He was no buffoon, no jester. Gen. Simon Bolivar, as a liberator that freed South America, might be mentioned on the same day, or the four master spirits of the human race, Alexander, Hanibal, Caesar or Bonaparte, or as a great commander, the names of Gen. Lee or Stonewall Jackson. But no president should have the honor of even being spoken of on the same day and never degrade the great name of Washington by such ignominious comparisons as I have seen in the speeches of some time serving orators of modern times. Franklin Pierce was perhaps as good a president as the New England States could produce. The sage of Westland did very well for Pennsylvania, but Washington, "Sublimely great, stands alone upon the mountain of his fame, as admiration like a wave, pays circling tribute to his name."

New York World, Sun, Herald, no more odorous comparisons.

FONTAINE FOX BOBBITT.

## Grave Trouble Foreseen.

It needs but little foresight, to tell that when your stomach and liver are badly affected, grave trouble is ahead, unless you take the proper medicine for your disease, as Mrs. John A. Young, of Clay, N. Y., did. She says: "I had neuralgia of the liver and stomach, my heart was weakened, and I could not eat. I was very bad for a long time, but in Electric Bitters, I found just what I needed, for they quickly relieved and cured me." Best medicine for weak women. Sold under guarantee by Penny's Drug Store, Stanford, Ky., and Lyne Bros., Crab Orchard, Ky., at 50c a bottle.

## CURES CATARRHAL DEAFNESS.

### One Week's Use of Hyomei Did More Than Six Months' Treatment by Specialists.

In the treatment of deafness, which is often a result of catarrh, Hyomei acts almost immediately upon the inflamed membranes and the healing begins to return at once. A few days treatment will bring relief, and in three or four weeks, according to the severity of the case, a cure will be accomplished.

Miss Meeks, of Mattewan, N. Y., says: "Hyomei is truly wonderful I have used it but a short time and see a great change in my condition. My hearing is improving rapidly, and I had no idea I would improve so rapidly in so short a time. My breath, which was so offensive to myself and others, has lost its bad odor entirely. I have spent a great deal of money with catarrh specialists and can truly say that six months of their treatment is not equal to one month of Hyomei."

Penny is selling Hyomei upon the unusual plan of agreeing to return the money if the medicine does not cure.

A complete outfit costs only $1 and consists of an inhaler that can be carried in the vest pocket, a medicine dropper and a bottle of Hyomei. The inhaler will last a lifetime and there is enough Hyomei for several weeks' treatment. Additional bottles of Hyomei can be procured for 50c. Compare this small expense with the fees charged by specialists and then remember that if Hyomei does not cure Penny will return your money.

Maw Foddershucks—Paw, our Henry writes from th' city thet he's goin' in business as a "taxidermist."

Farmer Foddershucks — Hooray! Durned if it don't do me good ter think thet after payin' taxes all these years we've got one of the family on to'ther side o' the fence. Ask him if he kin git me exempted?

No. 71.—10,000 acres of cotton land in Mississippi. There is no section of country which offers so many opportunities for profitable investment as the Mississippi Delta which is now fully described as "Prosperity Valley." The timber is becoming more valuable all the time for the reason that lumber people from the North (where the supply of timber is fast diminishing, are continually increasing their purchases of timber lands in the South. When the timber is removed the land is unequaled for agricultural purposes. It will produce a bale of cotton to the acre or will grow any other kind of crop raised in the temperate zone. The soil needs no fertilizers and gives a yield which cannot be excelled; taxes are low, the title is perfect and the man who buys Delta farm and timber lands at present prices is making an investment that he will never regret. This land is divided into tracts ranging from 40 acres to the tract to 10,000 acres to the tract and prices from $8 per acre to $40 per acre, according to location, etc. We are authorized by the company who owns these lands to state that as other parties are considering the purchase of these lands that we offer these tracts subject to prior sale, withdrawal from market or change in price without notice. However, when notified, they will hold any tract out of market long enough for the purchaser to make an investigation. About 12,000 acres of this land has been sold by the Company since we received this option. For further particulars call at our office.
